

Look at the picture above. Where do you think this is? Who do you think would live here?  
Can you write a paragraph using some noun phrases to describe what you see?  
Challenge: Can you use adventurous language AND use some of the words from this week's spellings?

### Maths

1. Work out the shortest route the astronauts need to take in order to reach Space Station Z to refuel.

#### Route 1

Earth to Mars = 3,454 miles  
Mars to Space Station Z = 2,474 miles

Route 1 =

miles

Route 2 =

miles

#### Route 2

Earth to Jupiter = 2,456 miles  
Jupiter to Space Station Z = 3,374 miles

The shortest route to take is  
Route:

2. The astronauts have 5,915 miles worth of fuel in their rocket.  
How much fuel will they have left over once they reach Space Station Z?

Don't forget - Spellings & Times Tables:

Practise this week's **spellings** (and show us evidence of this in your homework book).

**Spellings challenge:** Can you write 2 synonyms for each of your spelling words this week?

Practise your **times tables** using
