

PTA Online Auction instructions

The auction page:

To bid on an item click on the item and this will take you through to the bidding page:

This will say 'Place Bid' when the auction starts

There will also be an option to Proxy bid underneath this option. Please read further regarding Proxy bidding.

Proxy bidding means that this is the maximum bid that you want to put in for an item. This means that if you put in a starting bid for an item at £5 and only want to pay a maximum of £10 that if further bids are made at £6, £7 then your bid will automatically be added by a £1 increment until it reaches the top of your

proxy bid. If you are outbid over your proxy bid you will receive an email notification to inform you of this and give you the option to bid again.

If you win the item you will then be emailed to say that you have won the bid and it will then ask you for payment before you then receive the item.

Thank you and good luck!
