

Maths - can you complete the snowflake multiplications?

Snowflake 1: $3 \times$ (top: 21, 7; left: 11, 3; right: 2, 9; bottom: 5, 12, 4)

Snowflake 2: $4 \times$ (top: 12, 8; left: 4, 1; right: 2, 9; bottom: 7, 3)

Snowflake 3: $8 \times$ (top: 6, 1; left: 7, 2; right: 10, 5; bottom: 9, 8)

Snowflake 4: $10 \times$ (top: 12, 9; left: 5, 3; right: 6, 10; bottom: 2, 7)

Snowflake 5: $2 \times$ (top: 3, 11; left: 9, 7; right: 10, 4; bottom: 6, 2)

English - have a look at the photo. Using inference, answer the questions.

1. What can you see in the photo?

2. What time of year is it?

4. What words would you use to describe the man in the photo?

5. What is the person standing up doing?

3. What two questions would you like to ask about the photo?

6. What title would you give the photo?
